Cleft and Craniofacial Center

Patrick, 3,
received
leading-edge
treatment for
cleft lip and
palate.

Joe DiMaggio Children's Hospital Cleft and Craniofacial Center is one of only four centers licensed and approved by the Florida Department of Health to provide specialized medical care for complex cleft and craniofacial conditions. We offer some of the latest techniques and comprehensive treatments for children with cleft lip, cleft palate or other craniofacial anomalies, whether the result of a birth-related disorder or an acquired condition.

Leading-Edge Cleft and Craniofacial Care

In addition to performing cleft lip and palate procedures, our team treats patients with a wide variety of conditions. They include, but are not limited to:

- 22q11.2 Deletion (*Velocardiofacial syndrome*)
- Antley-Bixler syndrome
- Apert syndrome
- Beckwith-Wiedemann syndrome
- Congenital ear anomalies
- Craniofacial microsomia
- Craniosynostosis
- Crouzon syndrome
- Freeman-Sheldon syndrome
- Goldenhar syndrome
- Hemifacial (craniofacial) microsomia
- Klippel-Feil
- Maxillary and mandibular hypoplasias
- Microtia
- Midface hypoplasia
- Moebius syndrome
- Pfeiffer syndrome
- Pierre Robin sequence
- Saethre-Chotzen syndrome
- Stickler syndrome
- Treacher Collins syndrome
- VATER syndrome
- Van der Woude syndrome
- Velopharyngeal insufficiency (VPI)
- Other conditions involving the face

Medical Expertise and Advanced Technology

With the goal of helping patients achieve optimal results, we provide the powerful combination of exceptional medical expertise and advanced technology. Developing individualized, coordinated care plans is a collaborative effort that benefits from diverse perspectives and insights. That is why our highly trained, interdisciplinary team features representatives from many pediatric specialties and services, including:

- Audiology
- Craniofacial/Plastic surgery
- Dentistry
- Family advocacy
- Genetics
- Neurosurgery
- Nurse care coordination
- Nutrition
- Ophthalmology
- Otolaryngology
- Oral surgery
- Orthodontics
- Pediatrics
- Program coordination
- Psychology
- Social work
- Speech therapy

Comprehensive Services

The Cleft and Craniofacial Center strives to facilitate the healthy development of every young patient – physically, psychologically and socially. In addition to advanced medical care, Joe DiMaggio Children's Hospital provides a comprehensive variety of services, including:

- Child Life therapy
- Family advisors
- Home Health services
- Humor therapy
- Nutritional counseling
- Support groups

Compassionate Patient- and Family-Centered Care

Joe DiMaggio Children's Hospital provides advanced medical and surgical care in a cheerful, child-friendly atmosphere. An extraordinary staff of physicians, nurses and support personnel is committed to meeting the medical and emotional needs of young patients every step of the way. In addition, Joe DiMaggio Children's Hospital is dedicated to delivering patient- and family-centered care, and recognizes the family as the strongest foundation in a child's life and the greatest influence over a child's health and well-being. The Love Jen Family Support Center, family lounges, teen rooms and play areas provide welcoming homelike amenities.

Conine Clubhouse

Conveniently located on the Joe DiMaggio Children's Hospital campus, Conine Clubhouse is a special home away from home for families of hospitalized children. Among its numerous amenities are 23 beautifully decorated rooms (including four suites for larger families) with private bathrooms and cable TV, a communal living room, a playroom, a laundry room, and a chapel.

Conine Clubhouse is supported through funding by Joe DiMaggio Children's Hospital Foundation. Accommodations are free of charge and based on availability.
