Three out of four children aren't as secure in the car as they should be, because their car seats aren't being used correctly, according to the National Highway Traffic Safety Administration (NHTSA). Safe Kids Broward will provide free car seat checks by certified Child Passenger Safety Technicians. You and your family will learn about proper car seat installation, recall updates and other safety information.

Please bring your child, car seat and vehicle to the event. New car seats are available as needed with a donation to the program.
